## OUR WINE LIST IN A NEW LOOK

To mark our rebranding, we are proud to present a wine list that underlines our new direction: authentic, full of character and full of discoveries.

Our selection combines renowned names with bold newcomers – exclusively from Germany and Austria. Two countries whose wine culture is characterised by quality, diversity, and genuine craftsmanship. Whether elegant Rieslings from the Mosel region, mineral Veltliners from Wagram, or sophisticated Pinot Noirs from Baden – here, big names meet fresh ideas.

Every wine on this list tells a story: about the terroir, the winemaker, the vintage – and perhaps soon, about your special evening with us.

**Welcome to our new wine world – cheers!**
